Self-harm is intentional behavior that is considered harmful to oneself. This is most commonly regarded as direct injury of one's own skin tissues usually without a suicidal intention. Other terms such as cutting, self-injury and self-mutilation have been used for any self-harming behavior regardless of suicidal intent. The most common form of self-harm is using a sharp object to cut the skin.

Feedback is seen as a primary component in formative assessment and one of the factors that have the strongest influence on learning (Black and Wiliam, 1998, Crooks, 1988, Hattie and Timperley, 2007, Hattie, 2009). This stance is increasingly being emphasised in policy documents, trusted by teachers and expected to be ingrained in the cultures of educational institutions (Crisp, 2007).

Formative assessment and feedback: Making learning visible

Methods. The Subject of this study was the women's experiences of the labor pain and it considered as a phenomenological study for its issue. For sampling, the researcher studied all the mothers' medical files and then got the approval of those who had the criterion to be included in the study, which was the ability to explain their experience.

Women's experience of pain during childbirth

Born Sinner is the second studio album by American rapper J. Cole. It was released on June 18, 2013, by ByStorm Entertainment, Columbia Records, Dreamville Records and Roc Nation. The album serves as the follow-up to his debut album, Cole World: The Sideline Story (2011). The album features guest appearances from Miguel, Amber Coffman, Jhené Aiko, James Fauntleroy, Bas, TLC, Kendrick Lamar and ...
