It's easier than you think to get free Kindle books; you just need to know where to look. The websites below are great places to visit for free books, and each one walks you through the process of finding and downloading the free Kindle book that you want to start reading.

E30 Engine Swap

The Standard Engine swaps are the easiest; parts are common, and the E30 was designed to have this engines fitted from the factory so, on the whole, they drop straight in. In contrast the Motorsport engines are the real hero swaps; some serious fabrication will be required, as well as a big fat wallet to cover the parts you need. And remember, you'll need other upgrades to help you make use of all that power.

Engine Swaps - E30 Zone Wiki

Generally speaking, the best engines to swap into the E30 are the E36 M3 engines, S50B30 and S52B32. Both produce enough power to make the swap worthwhile. The S54 from the E46 M3 is rated at 330 hp. It's size, light weight, and power make it an attractive E30 swap candidate. However, it is not an easy engine to install.

Techtips - BMW E30 Engine Swaps - CarTech Books

This involves taking your normal e30 and putting an e30 m3 engine in. The engine is a 2.3 liter 4 cylinder engine that produces more power then the 2.5 liter inline 6 that is found in the 325i. Repairs arent cheap, not really a recommended swap unless you know it is what you want.

E30 engine swap options | RTS - Your Total BMW Enthusiast

A hybrid of E30 and E36 hoses are needed to get the power steering working. Check panel lights. The only light which is affected by the engine swap is the oil level. The M52 does not have an equivalent oil level sensor which can be used, however some electronics gurus have been able to wire in a sensor.

E30 DOHC Swap Basics - M50, M52, M52 and S50 - Garagistic

E30 Engine Swaps. Brintech has developed a full range of engine swaps using later model 6 cylinder BMW engines. Many will argue that the song of a finely tuned straight 6 BMW engine is one of the sweetest sounds you'll ever hear. Our M54 and S54 engine packages have given the E30 what it needs to become the ultimate driving machine.

E30 Engine Swaps - Brintech Customs

This fizzy little four-banger features the same 1.8 litre displacement as the other E30 engines, but with double the valves (16 in all) to crank the power up to 140bhp. Combined with a simple drop-in swap procedure and easy-to-find spares from the E36, the M42 is the best engine swap to liven up the smaller-engined E30 models.

Top 10 BMW E30 Most Impressive Swaps - YouTube

In my opinion the smallest engine you should put in your E30 is a 2.8L M52. The simplest and probably most economical engine to swap in is a 3.0L S50 engine out of a 95 M3 primarily because it already comes with most of the OBD I hardware you will need for the swap.

BMW E30 M50 Swap Instructions with Wiring chart

I find an e30 with a 5.0 swap extremely tempting... more so than an LSx (mainly for size, power level, and cost). An S50 or S52 would make for a nice package too. It's really a matter of preference, but for the money and the power, the 5.0 is a tough customer to beat.

MundoSwap - BMW E30 320i engine swap M52 328i e36

I have been thinking about getting an E30. It would be for a daily driver. I would want an engine swap to get around 200-240hp. So which in your opinion are the best? An S50 would probley be more than I am willing to spend. So I thought about some cheaper Japanese engine. What would you do? My budget is around 6,000 as a whole.
