*Reformations* is a sweeping account of the early modern world (1450-1650), seen primarily through the lens of religion. As the title suggests, Carlos

M. N. Eire argues that it is incorrect to speak of the “Reformation” in the singular, arguing instead that several strands of Reformations were taking place at the same time, all of them intertwined with the others.

The book focuses on the vast changes that took place in Western civilization between 1450 and 1650, from Gutenberg’s printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years’ War. Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism, skepticism, and secularism, and he takes into account the expansion of European culture and religion into other lands, particularly the Americas and Asia.
