Your Survival Instinct Is Killing You: Retrain Your Brain to Conquer Fear, Make Better Decisions, and Thrive in the 21st Century. Thanks to technology, we live in a world that's much more comfortable than ever before. But here's the paradox: our tolerance for discomfort is at an all-time low.

Your Survival Instinct Is Killing You: Retrain Your Brain ...

About Your Survival Instinct Is Killing You. Stop running. Nothing is chasing you. Thanks to technology, today's world is more comfortable than ever, but our survival instinct that evolved to protect us from danger is on high alert. Though mild discomforts such as work demands, traffic jams, family conflict, or having to perform under pressure are not life threatening, they can still trigger the brain's fight or flight fear reaction.

Your Survival Instinct Is Killing You on Apple Books

Jane Stevens posted a descriptive blurb about this title, *How Your Survival Instinct Is Killing You*, back in January, and I thought, “Why the heck not?” After all, I read everything I can get my hands on, searching for that magic elixir that will fix the feeling that I’ve called by many names over the years: Despair. Fear. Hole in the soul.
